
INDEX

PROCEEDINGS OF THE ROYAL SOCIETY OF MEDICINE, VOL. 52, 1959

INDEX

VOL. 52, 1959

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

- abdomen**, acute (*Discussion*) (*By title*), 446
radiotherapy, complications (H. J. G. Bloom), 495
- abdomino-perineal** resection, after-management (Donald Barlow), 608
- Abercrombie**, M., Ambrose, E. J., Jones, P. C. T., and Levene, A. L., studies of the invasive movements of tumour cells (*By title*), 675
- Abreu**, A. L. d', see d'Abreu, A. L.
- abscesses**, recurrent, due to *Necrophorus fustiformis* (H. Ellis), 141
- aciduria**, argininosuccinic (C. E. Dent), 885
- acne**, treatment with oestrogen, gynæcomastia after (Louis Forman), 850
- acrodermatitis enteropathica** (J. B. Lyon), 1029
- acromegaly** in a uniovular twin (J. H. Briggs), 1053
- Adam**, J. M., prevention and treatment of motion sickness (*Disc.*), 971
- Adams**, C. W. M., cholesterol esters in developing and degenerating brain and cord (*By title*), 505
- Adams**, W. Stirk, (the place of the psychogalvanic and peep-show tests of hearing capacity in early childhood), 927
- adaptation** to changes in day length (P. R. Lewis), 676
to climatic stress (J. D. Findlay), 677
to environment (*Discussion*), 676
- Addison**, John, prosthetic replacement in the primary treatment of fracture of femoral neck, 908
- adenoid** basal cell epithelioma (T. Henneby, V. B. Levison and M. Feiwel), 852
- adrenal** steroid hydroxylation, inhibition of (J. S. Jenkins), 260
- African** arthropod-borne viruses (W. O'Brien), 199
- age**, old, psychoses of, Stockholm material (David Kay), 791
- Ager**, J. A. M., abnormal hæmoglobins (*By title*), 506
- Alexander**, A. B., eczema of external auditory meatus to demonstrate an applicator for local therapy (*By title*), 850
- Alexander**, G. L., subacute subdural hæmatoma (*By title*), 606
- Alexander**, P., Hamilton, L. D. G., Rosen, D., and Goldberg, R. F., effects of ionizing radiations on proteins: comparison of direct with indirect action and of α and β rays (*By title*), 675
(with K. A. Stacey), effects of ionizing radiations on nucleic acids and nucleoproteins (*By title*), 675
(with K. A. Stacey and J. T. Lett), changes produced by nitrogen mustards and related compounds in the structure of nucleic acids and nucleoproteins (*By title*), 675
- Allison**, J. H. (for F. Ray Bettley), angio-lupoid (*By title*), 370
- Allison**, P. R., fibroma of neck and mediastinum, removed by a new surgical approach, 175
gastric carcinoma occurring in an oesophagus lined by gastric mucous membrane (*By title*), 176
paratyphoid empyema (excised) (*By title*), 176
post-cricoid carcinoma, 176
- Allison**, R. S., modern trends in disseminated sclerosis (*By title*), 982
- alopecia** mucinosa (C. J. Stevenson), 368
- Altschulova**, H. Julie (for W. N. Goldsmith), life-long Besnier's prurigo treated by weekly psychotherapy (*By title*), 372
(for P. J. Hare), infantile eczema treated by psychotherapy (*By title*), 372
- amblyopia** in lupus erythematosus (G. C. Wells), 1031
- Ambrose**, E. J. (with M. Abercrombie, P. C. T. Jones and A. L. Levene), studies in the invasive movements of tumour cells (*By title*), 675
- Easty**, D. M., and Jones, P. C. T., specific reactions of polymers with the surfaces of tissue cells (*By title*), 675
(with D. M. Easty and K. G. Moreman), ciné apparatus for time-lapse filming with the interference microscope (*By title*), 674
(with G. C. Easty and D. M. Easty), the chemical groups associated with the surface of tumour cells: serological studies of the specificity of the cell surface (*By title*), 675
(with J. H. B. Lowick, A. M. James, G. Klein and L. Purdom), electrophoretic studies of the differences between normal and tumour cells (*By title*), 675

- American Proctologic Society**, meeting with Section of Proctology:
 ano-rectal surgery (*By title*), 612
 carcinoma of the rectum (*By title*), 612
 diagnosis of colon lesions (*By title*), 612
 physiology of rectum and colon (*By title*), 612
 staphylococcal infections and use of antibiotics in the gastro-intestinal tract (*By title*), 612
 ulcerative colitis (*By title*), 612
- Amosu, M.** (with D. A. Brunning), the Institute library (*By title*), 675
 staff publications illustrating the pathways of cancer research (*By title*), 675
 works from the Thurstan Holland collection of radiological literature (*By title*), 675
- amphenone**, biological effects of compound related to (A. C. Brownie, R. B. Hunter and D. M. Shepherd), 819
- amyloid** disease following rheumatoid arthritis with arterial calcification (A. M. Denman), 141
- anæmia**, hypochromic, congenital (H. B. Hilton), 641
- anæsthesia** for major disasters (R. L. Sloper), 239
 in urology (A. J. H. Hewer), 1000
- anæsthetic** techniques in dental surgery, evaluation of (W. S. McConnell), 323
- anæsthetics**, pharmacological testing (J. H. Burn), 95
- anæsthetist**, tracheostomy and (A. Crampton Smith), 408
- anal** incontinence, surgical treatment (Charles Heanley), 90
- Anderson, A. B.**, electrophoretic protein pattern in myelomatosis (*By title*), 507
 and Waddams, A., correlation of protein-bound iodine with other tests of thyroid function (*By title*), 507
- Anderson, I. M.**, galactosæmia: cerebral hæmorrhage while on a galactose-free diet, see Sheward, J. D.
- Anderson, J.**, the effect of hormones on phosphate transport across the renal tubule, 262.
- Anderson, J. C.**, twin diverticula of the female urethra (*By title*), 108
- Anderson, Sheila**, the evaluation of premedication in children (*Disc.*), 834
- Andrewes, C. H.**, and Worthington, G. respiratory virus infections of man and animals (*Disc.*): relationships between influenza viruses of animal and human origin (*By title*), 673
- aneurysm**, dissecting, of aorta, treatment (A. B. Birt), 603
- aneurysmal** bone cyst (L. W. Godfrey and G. A. Gresham), 900
- Angell, J. C.**, ureteric actopia (*By title*), 108
- angina**, cardiac, due to rheumatic fever, surgical treatment (R. C. Roxburgh and John Jackson), 305
- angiocardigraphy** (R. Astley, C. G. Parsons and A. L. d'Abreu), 457
- angio-endothelioma** (Stephen C. Gold), 848
- angiomatosis**, encephalotrigeminal (Peter F. Borrie), 553
- animals**, adaptation to climatic stress (J. D. Findlay), 677
 adaptation to environment (*Discussion*), 676
 biochemical polymorphism in (A. L. Ogden), 955
 congenital porphyria in (C. Rimington), 963
 inherited metabolic characters in (*Discussion*), 955
- ankle**, osteochondritis dissecans (W. E. Tucker), 578
- anlase** tumour, retinal (T. Cradock Henry and Martin Bodian), 751
- ano-rectal** agenesis (M. H. Gough), 886
- anorexia** nervosa, treatment by ethyl-nortestosterone (T. M. Chalmers, A. Kekwick and G. L. S. Pawan), 514
- Ansell, B. M.**, dermatomyositis (*By title*), 1031
- antibiotic** therapy (R. A. Shooter), 933
- anticoagulant** therapy in cerebrovascular disease (John Marshall and David A. Shaw), 547
- anus**, imperforate (Denis J. Browne), 93
 pruritus, primary (F. Austin Henley), 390
 ulceration (C. Patrick Sames), 607
- anxiety-depersonalization** syndrome (Martin Roth), 587
 treatment with thiopentone (Arthur King and J. Crawford Little), 595
- aortic** valve, cine-aortography for (Graeme Sloman), 460
- apraxia**, facial (D. A. F. McGill), 311
- argentaftinoma** of ileum (H. Gordon Ungley), 1045
- argininosuccinic** aciduria (C. E. Dent), 885
- arterial** disease, peripheral (*Discussion*), 159
 percutaneous arteriography in (David Sutton), 161
 embolism, medical aspects (A. L. Jacobs), 159
 surgical management (Peter Martin), 165
- arteries**, calcification, in amyloid disease (A. M. Denman), 141
- arteriolitis**, cutaneous, with splenomegaly (B. Buchanan), 190
- artery**, coronary, cine-aortography for (Graeme Sloman), 460
- arthritis**, rheumatoid, amyloid disease and arterial calcification following (A. M. Denman), 141
 and pneumoconiosis (Anthony Caplan), 1111
 treatment with prednisolone injections (Neil Cardoe), 1109
- arthrogryposis** multiplex congenita (D. Y. Mackenzie), 1101
- arthropathia** progressiva mutilans (R. H. Metcalfe), 575
- ascites** due to malignant disease (B. W. Windeyer), 252
 effusions of malignant origin (N. R. Mackay), 253
 management (*Discussion*), 247
 mechanism of formation (Sheila Sherlock), 247
 results of treatment by anastomosis and ligation (Peter Knipe), 249
- Ashby, M.**, polymyositis with pneumoconiosis (*By title*), see Johnston, A. W.
- Asher, Richard**, pulmonary aspergillosis, see Tanser, A. R.
- pyrexia of unknown origin with eosinophilia; ? splenomegaly and bilateral renal opacities, see Overy, H. R.

- Asherson, N., orbital cellulitis with neurological complications (*By title*), see Leeson, P. C. (*Disc.*) (*By title*), 415
- Ashton, N. (with J. F. Cullen), temporal arteritis (*By title*), 982
- (with C. R. Fenton), chronic endophthalmitis (*By title*), 982.
- aspergillosis, pulmonary (A. R. Tanser), 145
- Astley, R., Parsons, C. G., and d'Abreu, A. L., cine-angiocardiology, 457
- Aston, J. N., bilateral club hands, 576
- multiple and grossly comminuted fractures left tibia—amputation on the right, 576
- atherosclerosis, conditions which accelerate development (F. A. Elliott), 544
- pathogenesis (T. Crawford), 537
- athletic exercise, hazards (Kenneth Lloyd), 151
- atomic energy, peaceful uses (Sir John Cockcroft), 487
- "atrophy, neurotrophic" (J. Schneeweiss), 848
- Auld, W. H. R. (*Disc.*), 140
- auriculotemporal syndrome (M. Feiwel), 191
- auto-antibody disease in clinical medicine (*Discussion*), 437
- aviation medicine, naval, current topics (*Discussion*), 447
- babies, murmur from ductus arteriosus in (E. D. Burnard), 77
- Badenoch, A. W., injuries of the ureter (*Pres. address*), 101
- Bahr, Sir Philip Manson-, see Manson-Bahr, Sir Philip
- Baird, T. T. (with A. D. Evans), an interim account of an autumnal outbreak of Q fever in Cardiff, 616.
- Baker, A. A., that most mental hospitals meet the needs neither of their patients nor of the communities they serve (*Debate*) (*By title*), 787
- Bakewell, W. (with D. C. Bodenham), reconstruction of mandible by bone graft following resection from angle to angle two years ago for carcinoma (*By title*), 606
- Ball, K. P., rheumatoid arthritis with extensive nodular formation (*By title*), see Toh, C.
- Ballantyne, J. Chalmers, the early diagnosis of congenital deafness, 917
- two unusual cases of epistaxis: 1, familial hereditary telangiectasia (Osler's disease); 2, "bleeding polypus" of nasal septum (*By title*), 482
- Balme, H. Wykeham, and De Mowbray, R. R., argentaffinoma with hepatic metastases (*By title*), 146
- Banks, A. Leslie, Stafford—the medical background, 361
- Barbour, R. F., the child who could do better at school (*Disc.*) (*By title*), 384
- Barling, B., and Feiwel, M., pituitary exophthalmos, ? sarcoidosis, 554
- Barlow, A. J. E. (*Disc.*), 847
- Barlow, D. S. M., bilateral oophorectomy and adrenalectomy in a single stage (*Film*) (*By title*), 606
- Barlow, Donald, aspergillosis (*By title*), 176
- bilateral adrenalectomy and oophorectomy through a single incision (*Film*) (*By title*), 1046
- fat embolism of the lung (*By title*), 176
- lymphatic obstruction following upon radical mastectomy (*By title*), 1046
- the management of the perineal wound after abdomino-perineal resection: why leave the perineal wound open? 608
- results of 118 cases of bilateral adrenalectomy and oophorectomy (*By title*), 1046
- Baron, D. N., the diagnosis of thyroid disease (*Disc.*): estimation of the basal metabolic rate in the diagnosis of thyroid disease, 523
- and Gurling, K. J., thyrotoxicosis and thyroid adenomas following hypophysectomy (*By title*), 822
- Barraquer, Joaquin, enzymatic zonulolysis (James Craig lecture), 973
- Barrington, P. C., current topics in naval aviation medicine (*Disc.*): sea water drinking in survival at sea, 448, 456
- Barry, D. R. (with D. P. Greaves), persistent hyperplastic vitreous (*By title*), 982
- Barry, G., present-day views on the treatment of thyroid conditions (other than cancer) (*Disc.*), 174
- Bartlett, C. H., operation for large incisional hernia (*By title*), 606
- Bartley, C. W., Weber-Christian disease: ? a collagen disease, see Veitch, M. A.
- Bartter, F. C. (with Ivor H. Mills and P. S. Chen), the protein-binding of steroids as studied by ultrafiltration (*By title*), 822
- Baskerville, F. W., current topics in naval aviation medicine (*Disc.*), 447, 456
- Batchelor, J. S., congenital dislocation of the hip, 910
- the surgery of the hip (*Pres. address*), 355
- Bateman, G. H., causation of deafness in children (*Disc.*) (*By title*), 536
- destruction of the pituitary for carcinomatosis (*Disc.*): destruction of the pituitary in cases of carcinomatosis secondary to mammary cancer (*By title*), 710
- nystagmography in the various tests of vestibular function (*Disc.*) (*By title*), 536
- the place of the Békésy audiometer in clinical audiometry (*Disc.*) (*By title*), 536
- preliminary experience with the vein graft for otosclerosis (*Disc.*) (*By title*), 536
- respiratory catarrh in children (*Disc.*), 710
- Rosen's operation in diagnosis (*Disc.*) (*By title*), 536
- sudden perceptive deafness in young people (*Disc.*) (*By title*), 536
- towards a dry ear (*Disc.*) (*By title*), 536
- Batt, J. C. (with W. A. H. Stevenson, E. B. Strauss and W. W. Kay), the mental complications of altered blood sugar levels (*By title*), 822
- Batten, Lindsey, the medical acute abdomen (*Disc.*) (*By title*), 446

- Bayliss, R. I. S.**, Cushing's syndrome with pituitary tumour and pigmentation, see Rees, J. R. some aspects of new corticosteroids, 929
- BCG vaccine**, nine years' experience (B. G. Rigden), 1022
- Beales, Philip H.**, causation of deafness in children (*Disc.*) (*By title*), 536
nystagmography in the various tests of vestibular function (*Disc.*) (*By title*), 536
the place of the Békésy audiometer in clinical audiometry (*Disc.*) (*By title*), 536
preliminary experience with the vein graft for otosclerosis (*Disc.*) (*By title*), 536
Rosen's operation in diagnosis (*Disc.*) (*By title*), 536
sudden perceptive deafness in young people (*Disc.*) (*By title*), 536
towards a dry ear (*Disc.*) (*By title*), 536
and Hynes, Wilfred, the problem of the mastoid segment after tympanoplasty (*By title*), 536
- Beales, S. J.**, cor biloculare (*By title*), 1046
pseudomyxoma peritonei (*By title*), 1046
spontaneous rupture of spleen (*By title*), 1046
uræmic ulceration of small intestine (*By title*), 1046
- Bean, A. D.** (with R. J. Goldacre), electronic models simulating morphogenesis and reproduction (*By title*), 674
- Bearn, A. G.**, Wilson's disease (*Disc.*): genetic aspects of Wilson's disease, 61
- Beattie, Elizabeth** (for Charles Pinckney), myasthenia gravis, 639
- Beatty, D. C.**, rheumatoid cysts of the calf, 1106
- Beck, G. A.** (*Disc.*), 372, 850
- Beck, John C.**, primate growth hormone studies in man, 1047
- Behcet's syndrome** (Brian F. Russell), 189
complicated by intracranial thrombophlebitis (H. C. Masheter), 1039
- Bell, A. Doyne**, the child who could do better at school (*Disc.*) (*By title*), 384
- Bell, W. Frain-**, see Frain-Bell, W.
- Belsey, R. H. R.**, colon transplant for oesophageal replacement (*By title*), 606
dismantling of previous gastro-enterostomy and oesophagogastricectomy for benign stricture of the oesophagus (*By title*), 606
- Bénassy, Jean**, some current views on spinal injuries (*Disc.*), 799
- Benazon, David**, the development and clinical use of deep hypothermia (*By title*), 668
- Benians, R. G.**, carcinoma of duodenum (*By title*), 1046
primary amyloidosis (*By title*), 1046
- Berg, J. M.**, the aetiology of mental defect (*Disc.*): some pathological factors, 789
- Bergel, F., Bray, R. C., and Gilbert, D. A.**, preparation and chemistry of xanthine oxidase from cow's milk (*By title*), 674
- Bray, R. C., and Harrap, K. R.**, a cysteine-degrading enzyme model as a potential therapeutic agent (*By title*), 674
and Everett, J. L., apparatus for trace element analysis (*By title*), 676
- Bergel, F., and Smith, C.**, effects of ribonuclease on spontaneous mammary tumours in mice (*By title*), 674
- Stock, J. A., and Wade, R.**, cyto-active amino acids and peptides (*By title*), 673
- beryllium poisoning**, two cases (E. G. Sita-Lumsden), 1045
- Bett, D. C. G.** (for Louis Forman), lichen amyloidosis (*By title*), 372
- Bettley, F. Ray**, angio-lupoid (*By title*), see Allison, J. H.
- Bidstrup, P. Lesley**, the contribution of the general practitioner and the industrial medical officer to the health of the community (*Disc.*): the general practitioner and research in industrial medicine, 633
- Bierer, Joshua**, that most mental hospitals meet the needs neither of their patients nor of the communities they serve (*Debate*) (*By title*), 787
- Bingold, A. C.**, experimental work on femoral neck fractures, 906
two cases of subcapital fractures of the femur: Pauwels, grade 3, 578
- biochemical polymorphism in farm animals** (A. L. Ogden), 955
- Birbeck, M. S. C.** (with E. H. Mercer), the electron microscopy of normal and malignant tissues (*By title*), 675
- Birnstingl, M. A.**, glandular and epithelial hyperplasia of pancreas (*By title*), 506
- Birt, A. B.**, a brief review of dissecting aneurysm of the aorta and a report of the successful treatment of a case, 603
- Bishop, P. M. F.**, acromegaly occurring in one of uniovular twins, see Briggs, J. H.
- Black, B. Marden**, present-day views on the treatment of thyroid conditions (other than cancer) (*Disc.*): treatment of benign goitres, 167
- Black, G. W.** (with L. G. Fison), light coagulation therapy (*By title*), 982
- Black, J. I. Munro**, block dissection of the neck (*Disc.*), 415
- Blackburn, Guy**, colloid carcinoma of the colon (*By title*), 176
- Blacklock, J. W. S.**, experimental lung cancer (*By title*), 507
experimental lung cancer (*Film*) (*By title*), 507
and Rees, E. G., experimental tuberculosis of adrenals (*By title*), 507
- Blair, D. W.** (with A. P. M. Forrest, J. M. Valentine and G. Donald), treatment of acromegaly (*Film*) (*By title*), 822
- Blair, Donald**, that most mental hospitals meet the needs neither of their patients nor of the communities they serve (*Debate*) (*By title*), 787
- Blake, H. Elliott**, plastic surgery exhibit (*By title*), 1016
- Bligh, A. S.**, radiological investigations in paretic disorders (*By title*), 1113
- "blind loop" syndrome** (W. I. Card), 28
- Blishen, E.**, the child who could do better at school (*Disc.*) (*By title*), 384

- bloat in cattle (R. N. B. Kay and A. T. Phillipson), 374
 (J. L. Mangan), 376
- Bloch, H. J. (with G. F. Joplin), some aspects of the radiological anatomy of the human pituitary (*By title*), 822
- blood diseases, auto-antibodies in (J. V. Dacie), 443
- Bloom, Arnold, Stein-Leventhal syndrome, 179
- Bloom, H. J. G., the changes produced in tissues by irradiation (*Disc.*): complications following radiotherapy of the thorax and abdomen, 495
- Bloomfield, Alice, contraceptive pessary embedded in the uterus necessitating pan-hysterectomy (*By title*), 230
 hæmatometra twenty-nine years after radium treatment of carcinoma of the cervix (*By title*), 230
- Blount, Walter P., osteotomies of the upper end of the femur (*By title*), 291
- Bodenham, D. C., forehead flap technique (*Film*) (*By title*), 606
 and Bakewell, S., reconstruction of mandible by bone graft following resection from angle to angle two years ago for carcinoma (*By title*), 606
- Bodian, Martin, histiocytic reticulo-endothelioses, 1031
 (with T. Craddock Henry), retinal anlage tumour, 751
- Body, Richard B., the advantages of early diagnosis and treatment in industrial injuries (*By title*), 1113
- Boland, E. R., facial apraxia, see McGill, D. A. F.
- Bolt, D. E., spontaneous gastric dilatation in man, 373
- bone cyst, aneurysmal (L. W. Godfrey and G. A. Gresham), 900
 sodium metabolism, effects of sodium depletion (D. S. Monro), 258
- bones, biology of broken ends during union of a fracture (John Charnley), 861
- Bonney, Victor, tribute to (Douglas MacLeod), 223
- books received, 68, 74, 128, 138, 158, 295, 354, 428, 462, 494, 508, 624, 636, 758, 936, 992, 1068, 1114

provide
dependable
vitamin
protection

Balanced vitamin intake is provided with an easily administered single daily dose of Abidec Drops.

Abidec Drops are miscible with milk and can be safely included in the feed without clogging the teat or separating out.

This preparation provides vitamins A and D with C and members of the Vitamin B complex.

ABIDEC CAPSULES

administered in one daily dose of one capsule contain the same vitamins but in proportions designed for the requirements of older children and adults.

ABIDEC DROPS in bottles of 10 ml. and 50 ml. each with marked dropper.

ABIDEC CAPSULES in bottles of 30 & 250
